## SAN FRANCISCO

"Every man should be allowed to love two cities- his own and San Francisco," stated author Gene Fowler.

San Francisco, also known as the City by the Bay, is a diverse, colourful, and intriguing destination luring visitors from all corners of the world with its beauty, culture, history and dynamic ambience. It is best known for its steep hills, beautiful panoramic vistas, and excellent cuisine. The eclectic mix of architecture, sandy beaches, ethnic and cultural diversity and entertainment for all ages make San Francisco a great choice for vacation.

## THE CITY

**THE CITY** San Francisco is a peninsula surrounded on three sides by water. It is said to be the crossroads to everywhere, with 16 million visitors every year.

San Francisco's strength lies in its neighbourhoods which give the city its uniqueness. Union Square is in the heart of the city and the hub of the shopping district. North Beach is known for its Italian heritage, bakeries, and restaurants. The Marina District has some of the most elegant homes in San Francisco and the Waterfront where shopping and dining are at their best.

The Haight, famous for the intersection of Haight & Ashbury Streets, is the location of former homes of Counterculture icons like the Jefferson Airplane, Janis Joplin and the Grateful Dead. Unique shops, music and bookstores and cafés line many of the Haight's streets. Alamo Square is best known for the beautiful turn-of-the century Victorian homes called the "Painted Ladies". SoMa (South of Market) includes unique nightclubs, restaurants and museums.

The Castro District has the highest concentration of Gay/Lesbian population of any city in America. Steep streets and brightly painted Victorian houses, imaginative boutiques and bars, and the largest Gay Pride Parade identify this area. Yerba Buena Gardens, is the cultural heart of the city, where community,

entertainment, arts and pop culture come together

San Francisco's climate is influenced by the cool currents of the Pacific Ocean. Days are generally cool year around summer days are often foggy in the afternoon. Average summer temperatures range from 15 to 24 C, winter 10 to 15 C.

## DO & SEE

No matter if you drive, walk or bicycle across this engineering marvel, the views are spectacular.

### **San Francisco Cable Cars**

No visit would be complete without a ride on a cable car. These cable-powered streetcars have been transporting people up and down the fabulous hills of San Francisco since 1873. A highlight of the ride is actually at the end (or beginning) at

the turnaround. Watch while drivers push the cable car on a rotating platform 180 degrees for the trip back up the hill.
